

Your immediate support is needed

Help Needed for Coordinated Efforts to Prevent Payment Cuts

RBMA is in need of your immediate support to execute the targeted program outlined herein. **Just \$100 per doctor from each member organization** will get us to our funding goal, which we believe will help prevent the E/M cuts that – as you know – would be much, much more costly.

Please review the plan below that we've put together with our public affairs allies and let us know if you have any questions, concerns, or feedback by contacting **Bob Still** at your earliest convenience. Your contribution will, for example, help develop and place op-eds and encourage constituent calls to House & Senate offices urging action.

Linda A. Wilgus, CPA, CMPE
President, Radiology Business Management Association
Executive Director/CFO, Northwest Radiology Network

Contribute Now

Program Objective

To prevent, reduce, or delay the implementation of CMS's new Medicare payment policies for office and outpatient visits.

Strategic Outcomes

We hope to accomplish one of the following:

1. Push Congress to take action on the issue by temporarily suspending budget neutrality or funding these services as an emergency stop-gap.
2. Push HHS to suspend budget neutrality based on WH political pressure and/or dramatically reducing or eliminating cuts.

3. Push HHS to reduce or eliminate the cuts by finding other parts of the budget that can make up the difference.

Read the full plan, including our tactical approach and broad messaging.
