President
American Nurses Association

Thank you. In these uncertain times, it's the work of brave nurses like you that keep our country safe and healthy. We know it isn't easy, but please know, ANA stands with you. The American Nurses Association is continually working to get you what you need to stay safe on the job, and care for your patients. Your membership in ANA helps us do this.

Joining ANA adds strength to a community of over 220,000 RNs. This gives you, our country's caregivers, a voice when we advocate for you and your patients in the halls of Congress and the White House. And, it is your membership that makes ANA strong.

We believe every RN deserves access to all ANA has to offer: nursing knowledge, advocacy, career development, valuable connections with other nurses, and much more. That's why we've made **membership in ANA and your state nurses association only \$15 a month.**

Please take a few minutes to join ANA and your state nurses association today. Together, we will see this through. Stay strong and stay safe.

Regards,

ANA's Mission: Lead the profession to shape the future of nursing and health care

Important Message from the Chief Nursing Officer – How ANA Is Supporting RNs During This Challenging Time

Dear Amy,

We deeply appreciate the work you do every day and especially now as our health care system is challenged in unprecedented ways. You are our nation's defense, and we recognize the challenges, profound stresses, and risks you take by caring for us. From all of us at the American Nurses Association, thank you for keeping our country safe.

Now more than ever, registered nurses need trusted information, support, resources, and representation. This is exactly what ANA provides and why ANA membership is especially important now.

ANA works for the nursing profession to keep you informed and safe. Here are a few of the actions ANA has taken recently:

- Created a one-stop online resource for nurses with the key Coronavirus facts that you need to know. **Please check NursingWorld.org/coronavirus for COVID-19 information and resources available to you immediately.**
- Urged lawmakers to release \$100 billion for frontline health care workers like you.
- Met with the President to urge the administration to provide a sufficient supply of appropriate PPE for nurses to protect the nursing workforce so they can continue to provide care during this pandemic.

Amy, we cannot do this alone. Please join ANA today.

When you join ANA, you strengthen our voice as we work to help keep you safe while you care for all of us. Joining also has another benefit, because you also get membership in your state nurses association. ANA and ANA\California work together to provide you membership benefits and advocacy in California and nationally.

To make membership affordable, we are inviting you to join ANA and ANA\California for only \$15 per month. Please join now at JoinANA.org.

Amy, we will get through this, as a nation, and as a world. It will be brave workers like you, who continue to care for patients in the face of uncertainty that will see us to better days. Thank you.

Sincerely,

Debbie Dawson Hatmaker, PhD, RN, FAAN
Chief Nursing Officer | EVP

P.S. Please join online at JoinANA.org. Mailed applications may delay your membership processing and increase our response time to you as staffing adjustments have been made at the national office in response to COVID-19.

Join ANA and ANA\California now at JoinANA.org – only \$15 per month.
